PROJECT EXPERIENCE

Mar 22 – Jun 23 (self)

Development of a Web Application :

As a web designer, my objective is to make a positive impact on clients, co-workers, and the Internet using my skills and experience to design compelling and attractive websites. Solving code problems. Editing & Design with designing team in the company to build perfect web designs.

Key Responsibilities :

- Designing personalized websites for fresher, middle and senior level clients.
- Modifying and making changes according to client's requirements.
- Checking for errors and de-bugging websites.
- Client interaction about the project.
- Maintaining Excel sheet and regularly updating data.
- Creation of a few demo pages (2-3) for client approval.
- After the client approved the design, then the next step was to create the live website. Making the website responsive.
